The Truecaller Community Blocked Nearly 1,200 Crore Unwanted Calls in 2025

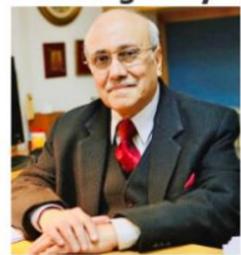

Ahmedabad, Indians received more than 4,000 crore spam calls in 2025, reflecting the growing scale of fraud, disruption, and digital risk in everyday communication. In India, every phone call carries meaning - it can open doors to opportunity, deliver vital information, or even expose individuals to serious risk. As the country accelerates towards becoming a digitally empowered and globally competitive economy under the vision of Viksit Bharat, trust in communication has become a defining pillar of progress. Truecaller's latest report

shows that 1,189 crore of these unwanted calls were blocked before reaching users, helping millions avoid scams, wasted time, and unnecessary stress in an increasingly connected economy. With over 100 crore active phone connections in the country powering commerce, governance, and personal relationships, Truecaller today released its 2025 India Insights Report, offering a data-driven view of how spam and fraud are reshaping the nation's communication landscape and how technology is helping protect crores of people every day. Urgent Need to Strengthen Quality Standards in Highway

Ahmedabad, Highlighting growing concerns over the deteriorating quality of highways, especially during and after the monsoon season, Mr. K. K. Kapila, a well known infrastructure expert, former president, Consulting Engineers Association of India (CEAI) and chairman Intercontinental Consultants and Technocrats (ICT) has urged the Hon'ble Prime Minister of India to take decisive steps to ensure accountability and improve construction standards across all infrastructure projects. Referring to the Prime Minister's recent review of the highway sector and the directive to the Ministry of Road Transport & Highways to prioritise quality improvement by May, Mr. Kapila welcomed the move to establish robust Standard Operating Procedures (SOPs) aimed at

ensuring consistency and accountability. He also appreciated the strong stance taken against poorly performing and litigating contractors. The proposed mechanism to bar blacklisted contractors from indirectly participating in fresh bids, and to factor "litigative behaviour" into contractor ratings, is seen as a critical step toward instilling discipline and improving execution standards in the sector. CM Stalin inducts seven transgenders into TN Home Guards

Chennai, Tamil Nadu Chief Minister M K Stalin on Tuesday presented appointment orders to seven transgender persons as a symbolic gesture, marking the formal induction of 50 transgender recruits into the Tamil Nadu Home Guards, according to an official statement issued here.

The selected candidates underwent specialised training to prepare for their roles within the state's auxiliary security force. The move to induct transgender persons in Home Guards coincides with the implementation of the State Policy for Transgender Persons 2025, which envisages providing employment opportunities to the transgender community in various departments. The policy establishes the right to self-identification and recommends changes to succession laws to provide inheritance rights to the community. Official data showed the government has also supported over 811 transgender individuals through self-employment subsidies since 2021. These subsidies, worth up to Rs 50,000, enable

beneficiaries to establish small businesses and trade units. The state recently increased monthly pensions for the community to Rs 1,500 and extended the Puthumai Penn scholarship of Rs 1,000 to transgender students. On the occasion, the Chief Minister also distributed cheques for the enhanced Pongal financial assistance of Rs 2,000. Twelve beneficiaries, including retired employees and family pensioners from temples managed by the Hindu Religious and Charitable Endowments (HR and CE) Department, received the aid. For the first time, the government extended this financial support to individuals receiving pensions and family pensions through the Employees' Provident Fund (EPF) system. Simultaneously, CM Stalin addressed milestones in the state's employment sector. On behalf of the Labour Welfare and Skill Development Department, CM Stalin presented an appointment order to the 3,00,000th candidate secured through the state's mega private-sector job fairs.
